

A Journey in Faith

Though the journey begins with the dawning of each new day, the uncertainty of what lies ahead foreshadows the vision of its ending. The realization of who we are, with destinies and fates predetermined are relinquished to a power far greater than we . . . a power divinely intertwined and underlying the very existence of life. Yet, we forge ahead to greater heights and tasks. Certain that through our steadfast beliefs, our quest for knowledge; understanding and ultimately, wisdom; we will arrive far greater than when the journey began. It is not desire alone that enables us to face and overcome the harsh realities of a world bitter and angry, a world standing ready to devour; a world uncomprised in inequality and shallow of respect for human decency. We travel these pathways of life with confidence and conviction. In essence we make . . . "A Journey in Faith".

### Faith In The Journey That Lies Ahead

It is written in Philippians fourth chapter, verse six, "Be careful for nothing; but in every thing by prayer and supplication with thanks-giving let your requests be made known unto God." The leadership provided by Saint Paul's distinguished Board of Directors and Trustees is exemplary of strong faith and belief in the mission of this great institution of higher learning. Through the guidance, statergizing, understanding and wisdom of the College's governing boards, Saint Paul approaches the journey that lies ahead with renewed faith. Faith derived from a rich past, convictions to endure the present, and confidence to face the uncertainties of the roads that lie ahead is essential to the continued growth of our institution. Through the Board's commitment to educational excellence at Sain Paul's College, the future holds high the principles of scholastic achievement, moral and ethical development.

Faith in one's self is essential for success. Freshman Robert Pennington's personal goal is to complete his educational journey here at SPC.

Regardless of the roads traveled, one must pause to reflect upon the journey completed and the future that lies ahead.

Begin each new day with preparation. A sound mind and healthy outlook ensures the journey's success. These students enthusiastically prepare for the day's journey.

#### A JOURNEY IN HUMAN RELATIONS

A journey in human relations involves the understanding of from whence you have come and the direction you are going. People working together are essential to the success of individual efforts.

Jaunice Edwards, Kontah Kpongda and Ade Neufville trace the journey of our ancestors as Father Thomas looks on.

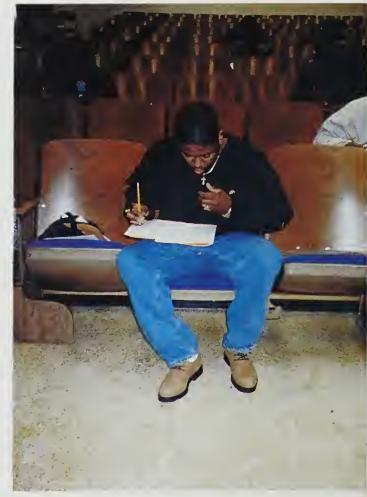

The positive interaction of humankind serves to enhance the overall atmosphere of the academic arena. Saint Paul's rich and bitter sweet history evolves from the sacrifices of its past administrators, faculty, staff and most imortantly, its students. The genesis of SPC began with a journey of undying and never faltering faith. Faith not founded in the mere presence and placing of bricks and mortar, but rather in the visions of a people hungry and thirsty for knowledge. Though well thought and carefully planned, the journey to present day Saint Paul's College was often marred with detours of resistance, ignorance, pain, suffering and fear. While individuals of a weaker faith, lesser drive and determination would have aborted the mission, the convictions of its founder, James Solomon Russell, remained steadfast and immovable. His vision of young minds being nurtured in an environment of care and warmth must forever remain the solid foundation of this great institution.

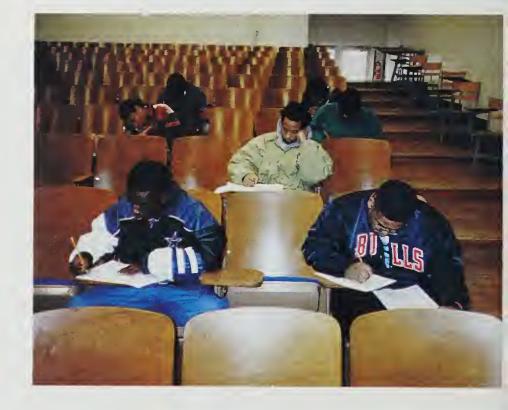

freshmen Studie workstudy students Lloyette Wynn and Ayishah Jones both agree that they are "On their job" Dedi ated students, such as these two, help to make our journey enjoyable. Where our faith falters, their convictions prevail

Prioritizing is an essential ingredient for success. Concentration is required during the administering of the Placement Tests.

Realizing your anademic apabilities and limitations aides in planning the jorney that lies ahead. The Freshman Journey begins with a series of placement to series

DeAndre Watting, on SPC-single parent Tammy Watkins, knows the door that leads to success.

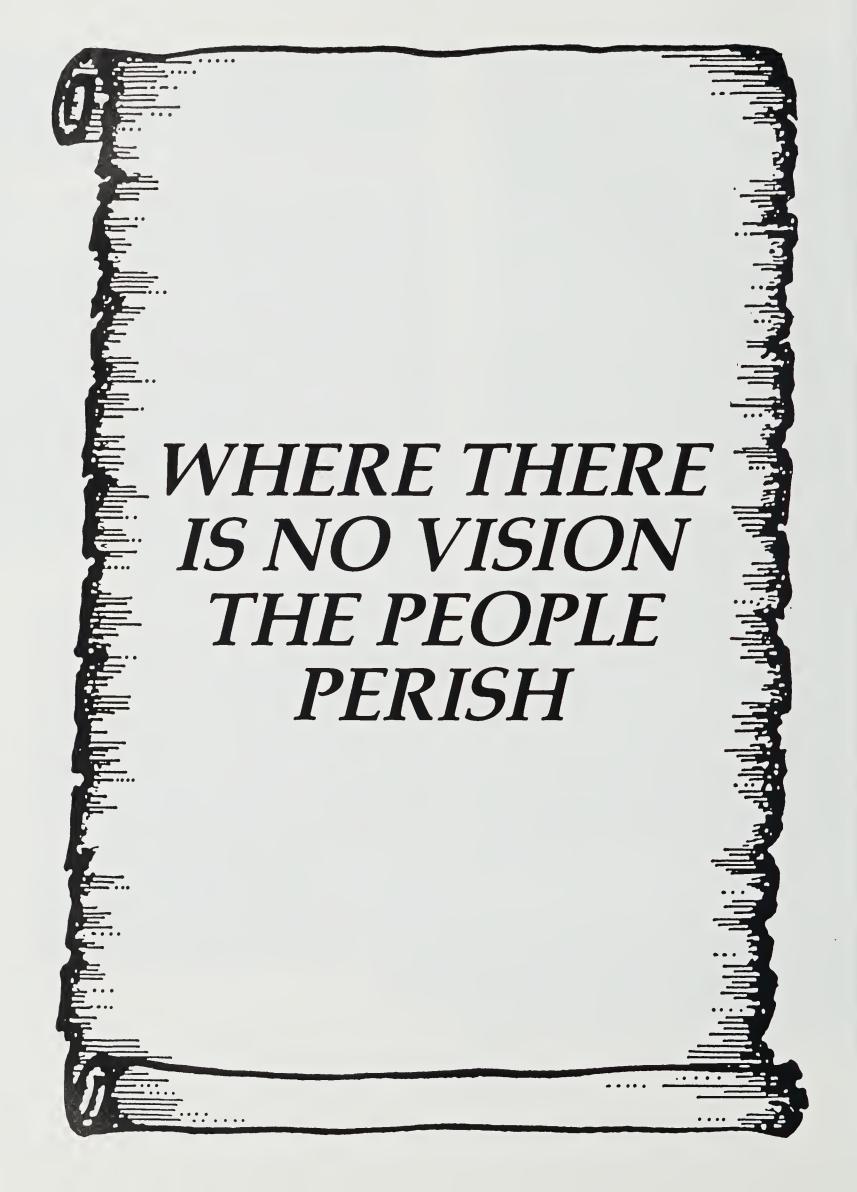

EPL Band man be Oralla Washington is in "tune" with the journey that lies ahead.

1

There's a school in every city,

That is worthy of love and of praise
It's the joy of the whole population

And for it we shall strive all our days.
In England, France and sunny Italy,

There's a famous school upon each hill;
But my heart has a thrill for a dearer one still,

That affection no other can win.

2

She has faults but why should we mind them,
And away from Saint Paul's seek to move?
For wherever you go you will find them;
But we're young and have time to improve.
I love the old school, I admit it
With its faults and its struggles and all
And I'd sooner next fall go back to Saint Paul's
Than to any old school that I know.

#### **CHORUS**

Dear Saint Paul's how I love to hear thy name!
There's no other school that ever seems to be the same
Thy green hills are the loveliest of all.
And some day we'll be coming back again to dear Saint Paul's.

SPC's Royal Court display their smiles as they greet the crowd.

A smile and a wave made the journey worthwhile.

A perfect day to jouney onward. A perfect day to share the joy of life with others.

Ashes to ashes and dust to dust February saw the final stage of removing the building that was lost this past Thanksgiving.

Here the many people involved in the handling of this situation begin the process of removing the building.

As seen here the men had to use the branch of a tree in order to demolish the building.

#### Farewell To The Credit Union

#### A FIRE LEAVES US WITH A GREAT LOSS

During the Thanksgiving break we unfortunately experienced a great loss. One of our oldest buildings, The Credit Union, was burned in a fire. No one was injured as a result of the fire.

Lost in the building, however, was the personal belongings of Mr. Mosi Kamau, school supplies and Alrod equipment.

The Credit Union was the result of the blood, sweat and tears of the students of this school. The bricks were handmade by the students that attended this college when it was called St. Paul's Normal and Industrial School.

After the fire Brown Hall was closed for a few days to ensure that no damage would come to any other building.

## PHI BETA SIGMA FRATERNITY INC.

Stanley McCray, Keith Vaughn, D. Kirkland Hendericks and Mr. Donnie W. Gresby

Established in 1914 at Howard University by 3 Distinguished Founders, the PHI BETA SIGMA Fraternity has produced over 92,000 college educated men. Firmly grounded in the principles BROTHERHOOD, SCHOLARSHIP and SERVICE. These men include 4 past African Kings, Harold Washington, George Washington Carver and James Weldon Johnson. Here at Saint Paul's College, the Xi RHO Chapter was founded April 16, 1983 by Dr. Sunday Adesuyi. Our activities include, Adopt-A-Highway, canned food drives and Annual contributions to UNCF to name a few. We have also hosted a State Conference and furnished 2 SGA presidents. We believe in "Culture for Service and Service for Humanity". Only by following this motto can we spread our cause on its way.

#### ZETA PHI BETA SORORITY INC.

Pictured here are the members of Zeta. Cherilyn Murphy, Cynthia Saunders, Kelly Williams, Teresa Key, Deshelle Hagood, Kia Wilson, Gwendolyn Ewell, Regina Seals, and Swannelle Smith.

Zeta Phi Beta Sorority was founded January 16, 1920, on the campus of Howard University in Washington, DC, by five coeds. These women dared to depart from the traditional coalitions for Black Women and sought to establish a new organization predicated on the precepts of Scholarship. Service, Sisterhood and Finer Womanhood.

Since its inception the Sorority has expanded to encompass more than 500 graduate and collegiate chapters. These chapters are located throughout the continental United States, Alaska, Hawaii, the Bahama Islands, West Africa and West Germany.

The Sorority is the first organization to charter a chapter in Africa (1948), to form adult and youth auxiliary groups, the Amicae and Archonettes, and to be constitutionally bound to a brother fraternity, Phi Beta Sigma Fraternity, Incorporated.

# SIGMA GAMMA RHO SORORITY INC.

Sigma Gamma Rho Sorority, Inc., was the only sorority that was not founded at Howard University. On November 12, 1922, seven strong, distinguished educators founded this great sorority on the campus of Butler University, in Indianapolis, Indiana. Their struggle towards the existence of this sorority is exhausted through their slogan: "Greater Service, Greater Progress."

Sigma Gamma Rho is a non-profit collegiate sorority, dedicated to the encouragement and promotion of high scholastic attainment, community service, and improvement of the quality of our lives and the society in which we live.

The ball has bounced onto the court for yet another year of exciting Tiger sports. The intensity of the high-flying, spirited Tigers will be exhibited throughout the following ten pages. Head coach Edward Joyner and his assistant coaches helped to manage the men's basketball team. Head coach Sandra McLendon and her assistant offers leadership and loyalty to the women's basketball team. Coach Henry McCoy helps to fine tune his tennis players for another season of hard pounding net smashing action on the courts. Coach Harold Williams kept his track team stay a step ahead of the competition. You will never see these Tigers resting, they fight until the end. Getting The Respect They Deserve As A Sport.

Here's to our tiger and tigerettes who put forth the effort this season to give our teams the inspiration to endure the pain, wipe the sweat from their brows, and keep on going, in those last and crucial minutes of a game. No matter what the outcome was, our SPC cheerleading team was there to keep the spirit alive. Just a few kicks, pumps, round-offs, and splits were enough to get the fans back into the games. Not to mention the little competitions and stand-offs with the cheerleaders from other schools. So hear is to our SPC cheerleading team. — DLM

Saint Paul's College hard at work to keep themselves ahead of the competition. When the ball goes in the bucket for yet another point, the Tigers' hard work pays off.

Tonya Kabia attemps to make an important foul shot, while Linda Bell, Keyonna Brock, and Adetoun Adenji-Adele anticipates grabbing a potential rebound. Foul shots often times determined whether or not a game was won.

#### GIRLS BASKETBALL

#### 94-95 Fall & Winter Season

Dressed and ready to hit the court. The SPC Girls' Basketball Team takes a minute to pose for this shot before a game. It was important for the team to be optimistic and determined, as a whole, in order to be successful in winning games.

The girls enforce their "D" (defense) with a little zone defense against Norfolk State University. Following the game plan was always important in order to function well as a team.

Practice, Practice, and more Practice!!! Iris Derr, Antoinette Boone, and Bernita Brewer work to improve their shot, during warm-ups, before a game.

## R.O.T.C.

Army ROTC enhances a student's education by providing unique leadership and management training, along with practical experience. It helps a student develop many of the qualities basic to success in the army, or in a civilian career. ROTC gives students a valuable opportunity to build for the future by enabling them to earn a college degree and an officer's commission at the same time.

#### A TIME TO REMEMBER

There are never many chances to tell someone how much they mean to you. Here a thank is ordinary but never sufficient. At the retirement banquet we had the opportunity to say thank you and so much more to just a few of the many people that help guide those who want to learn. That night was a special way of acknowledging the few, the proud, the helpful.

### A TIME TO REFLECT

Even though the 1994-95 school year has now come to a close, we know that the 1995-96 year will be remembered as one of many joys and delights, but for now, we the yearbook staff wish you goodbye.

To those who came to SPC and left, I hope you continue your education.

To those freshman, sophomores and juniors still here, I say that although it may be hard, keep going because the door of opportunity is near.

To the faculty and staff, I say thank you for your guidance and support of all the journey seekers who have traveled this road and for those yet to come.

Last but not least to all of the graduating seniors, I say to you goodnight and farewell. We've done it. Now is the time to prove what else we can do.

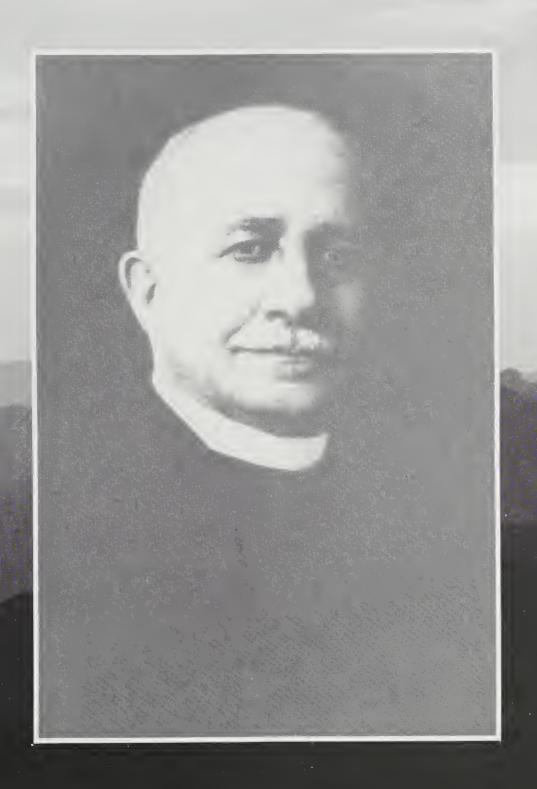

LOVE
CARE
UNDERSTANDING
FRIENDSHIP
RESPECT

All of these things are necessary to continue to help Saint Paul's to grow.

Goodnight SPC

#### **DEDICATION**

We honor the one who made our academic journey possible. His own journey was remarkable: he stepped from slavery to intellectual pursuits through hard work, faith and integrity. We follow in his footsteps. We therefore dedicate this book to the Founder of our school
